# How to Use a Dial Telephone IN JOSEPH CITY

FOR EMERGENCY AND TELEPHONE SERVICE CALLS SEE PAGE 1

## DIALING INSTRUCTIONS

### 1. BE SURE OF THE NUMBER

— If you do not find it in the directory, dial Operator (figure "0") and ask for Information. Please do not call Information for numbers listed in the directory.

2. LIFT THE RECEIVER AND LISTEN FOR DIAL TONE — a steady "hum-m-ming" sound. DO NOT START TO DIAL UNTIL YOU HEAR THIS TONE.

3. WITH THE RECEIVER OFF PLACE YOUR FINGER IN THE OPENING WHERE YOU SEE THE FIRST FIGURE OF THE NUMBER YOU WISH TO CALL.

4. TURN DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP — Remove finger from opening and allow dial to return without interference.

5. PROCEED IN THE SAME WAY TO DIAL THE REMAINING FIGURES OF THE NUMBER IN THE ORDER IN WHICH THEY APPEAR.

6. TO MAKE SUCCESSIVE CALLS replace the receiver for a moment and proceed as above.

THE RINGING SIGNAL (an intermittent "burr-burr'ring" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed.

IF YOU MAKE A MISTAKE IN DIALING or if your finger slips or does not strike the stop, or if you do not hear the ringing or busy signal within a few seconds, replace the receiver for a moment. Then lift the receiver and when you hear the dial tone, place your call again.

CALL FROM PAY STATIONS — Follow instructions shown on the telephone.

PARTY LINE AND EXTENSION TELEPHONE USERS — Always listen in before dialing to avoid interfering with other parties who might be using the line.

IMPORTANT — If when calling from a party line, you always get a busy signal after dialing a certain telephone number, it may indicate that you are calling another party on your line. To call another party on your line see instructions below.

### TO CALL ANOTHER PARTY ON YOUR LINE

When the number you wish to call is the same as yours except for the last figure, it indicates the telephone is on your party line. Dial the number in the regular manner. You will hear the busy signal just before dialing the last figure in the number. Proceed to

dial the last figure and then HANG UP. You will then hear the ring of the called party. As soon as the ringing stops, lift the receiver and begin your conversation. If no one answers after a reasonable time, stop the ringing by lifting the receiver momentarily.

## Out-Of-Town Telephone Calls

CALL BY NUMBER WHENEVER YOU KNOW IT — IT'S FASTER!

When you place long distance calls by number, the operator can frequently complete your call *twice* as fast. If you don't know the number, the operator will give it to you in the course of handling the call — then you can jot it down for use next time. If you'd like a handy booklet for listing frequently-called numbers, "The Blue Book of Telephone Numbers" is free. For your copy, just ask at the Telephone Business Office.

Call or Dial Operator (figure "0")  
Tell the Operator:

1. The City or Town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

FOR EXAMPLE — "Calling Omaha, Nebraska — Davis 2-3456" (If you don't know the telephone number) "Calling Omaha, Nebraska — anyone at Mr. J. Lowell's residence, 34 Blank Street."

3. Your telephone number (and name if required) when requested by the operator.

### STATION-TO-STATION CALLS

The above is a station-to-station call because you have not asked the operator to connect you with a particular person or a particular telephone or department reached through a private switchboard. The charge for a station-to-station call is slightly less than for a person-to-person call and begins when the called telephone or private switchboard attendant answers.

### PERSON-TO-PERSON CALLS

When you want to be connected with a particular person or with a particular telephone or department reached through a private switchboard, simply give the operator the

same information as above and the name of the person or department wanted, also the extension number if known. The charge is slightly more than for a station-to-station call and begins when you reach the person, extension or department you want.

### RATE PERIODS

DAY RATES apply from 4:30 A. M. to 6:00 P.M. on all days except Sundays.

NIGHT RATES apply from 6:00 P. M. to 4:30 A. M. and all day Sundays.

### COLLECT CALLS

You may "Reverse" charges, that is, have them billed to the called telephone. Simply tell the operator you want to place the call "Collect." If the called party agrees to pay the cost, charges will be billed to his telephone. There is a small additional charge on station-to-station calls when the initial rate is 25 cents or less.

### TO OBTAIN A RATE FOR AN OUT-OF-TOWN CALL

Call or Dial Operator (figure "0") and ask for the rate.

### TO PLACE A TELEPHONE CONFERENCE CALL

Call or Dial Operator (figure "0") and ask for rates and other details.

# GENERAL INFORMATION

## Service Suggestions

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will assure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your Company, or your Department immediately.

*Speak slowly, clearly and directly into the telephone with your lips about one-half inch from the mouthpiece. Otherwise you will not be heard distinctly.*

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

## Service Difficulties

Every effort is devoted toward providing you with the best possible telephone service. We shall appreciate your cooperation in reporting promptly any service troubles or defective equipment, such as broken mouthpieces, frayed cords, or loose wiring. Repairs and replacements due to ordinary usage or unavoidable accidents are made without charge.

## "Beep" Tone Tells When Telephone Conversation Is Being Recorded

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of the recorder without this signal is unlawful.

## Attachments to Telephones

The equipment, apparatus and lines furnished you have been designed to produce the best telephone results. No instrument, appliance nor device of any kind not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines except as specifically provided in the Tariffs of the Telephone Company. You are requested, therefore, not to use nor permit the use of such instruments, appliances or devices. The Telephone Company reserves the right to remove such devices, when found, in order to protect the telephone service.

## Attachments to Directories

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

## Changes and Errors in Directories

Every precaution is taken to avoid errors and omissions in the alphabetical telephone directory, but if they occur, the Company's liability for them as provided in its tariffs is limited to an amount not exceeding the charges for the service affected until a new directory is published. In order that the directory records may contain correct listings at all times, notification of changes or errors should be given at once to the Business Office of the Company.

## Improper Language

Profane or obscene language over the Company's wires is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.

## Advertising Business Telephone Numbers

Many subscribers find it convenient and profitable to use their business telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right thereto.

We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.

## The Classified Directory

The "Classified" pages of this directory contain the names of business telephone subscribers listed under headings descriptive of the product, service or profession of these subscribers. These pages enable you quickly to determine the name, address, or telephone number of business telephone subscribers who can supply the product or service desired.

## Warning

It is unlawful for any person willfully to refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of emergency. Likewise, it is unlawful for any person to ask for or request the use of a party line on pretext that an emergency exists knowing that no emergency in fact exists.

## It's Easy to Shop This Way

You've had it happen —  
Wanted to have a radio  
repaired, a chair uphol-  
stered or a leaky pipe  
fixed. Who will do it?

It's easy — Just refer to  
the advertisements in your  
Telephone Directory.  
Glance down the list and  
pick the dealer who offers  
the goods or services you  
want.

You will find the method  
a great time-saver, con-  
venient and accurate.
